

RUSHI PRAJAPATI

[Portfolio](#) | [+91 8511109203](#) | prajapatirushih@gmail.com | [GitHub](#) | [LinkedIn](#) | [Medium](#) | [Talks](#)

An avid learner, researcher and community builder passionate about AI to address real-world challenges.

EDUCATION

Silver Oak University

August 2020 – May 2024

Bachelors of Technology in Computer Engineering

Ahmedabad, India

with specialization in Artificial Intelligence and Machine Learning - CGPA - 9.87/10

- **Coursework:** Natural Language Processing, Machine Learning, AI, Deep and Reinforcement Learning, Computer Vision, Data Structures & Algorithm, Computer Networks, Cloud Computing, Software Engineering.
- Ranked **22nd out of 1213** students in *Bachelor of Technology* and **3rd out of 44** students in the *specialization batch of Artificial Intelligence and Machine Learning*.

PROFESSIONAL EXPERIENCE

Sahana System Limited | AI Technology – Delivery & Support Engineer

June 2024 – Present

Ahmedabad, India

- Working on multimodality for making interactive assistant leveraging TTS & SST engines and face-lip-sync models (GANs).
- Engaged in the preparation of professional project proposals, the design of intricate system architectures, and the cultivation of productive client relationships.
- Developing the document comparisons and summarisation using NLP and advanced frameworks.

Sahana System Limited | AI Technology – Delivery & Support Intern

December 2023 – May 2024

Ahmedabad, India

- Developed various **object detection & tracking models** and developed AI Inference according to business logic/downstream application leveraging CNN based Architectures and Pretrained Models.
- Built **RAG based offline chatbot** using LangChain framework and different open source LLMs improving response accuracy by **25%**, reducing hallucinations by **30%**.

RESEARCH WORK

Chapter *“Reinforcement Learning-Based Data Dissemination*

Publication: Springer | Expected November’24

for Vehicular Ad Hoc Networks” in book *“Deep Learning Based Solutions for Vehicular Ad-hoc Networks”*

Paper *“Enhancing Image Understanding in Automatic Captioning using Spatially-Aware Transformer Architectures”*

Expected December 2024

Publication: Elsevier

EXPERT TALKS & BLOGS

Delivered technical sessions/talks on **Cloud Computing, ML-AI, Chatbots and LLMs**, and other emerging topics.

Drafted a series of blog posts to demystify complex AI-ML-DL concepts entitled [“Simplifying Series”](#) on [Medim.com](#)

EXTRA-CURRICULAR ACTIVITIES | POSITION OF RESPONSIBILITY

- **Chairperson**, IEEE Special Interest Group for Humanitarian Technology (SIGHT) Student Branch Group (*January 2023 –2024*)
- **Section Representative**, IEEE SIGHT Gujarat Section (*January 2023 – January 2024*)
- **Vice-Chairperson**, IEEE Women in Engineering (WIE) Affinity Group (*January 2023 – January 2024*)
- **Won IEEE R10 (Asia-Pacific) Outstanding WIE AG Award in 2024**, during my tenure among **50+ countries**.
- Founded and led **“ML GEEKs Club”** in IEEE Student Branch and inspired and mentored around **120 members**.
- Active Member at **AWS Cloud Club & Google Developer Group** (*January 2023 – present*)
- **Organised India’s First AWS Symposia & Gujarat’s first AWS DeepRacer League** with **352** and **123** participants respectively. **Winner** of the "AWS DEEPRACER League", as I completed **"13 Laps in 3 mins"** with **"11.39 Seconds"** as the Fastest Lap Time.
