Master's candidate in Data Science and Quantitative Economics with three years solving complex business problems at the intersection of strategy, analytics, and technology. Advised enterprise and government clients on operating model transformation, process reengineering, and digitalization initiatives; led project workstreams, built financial and ROI models, and presented recommendations to C-level stakeholders, contributing to \$500K+ in contracts. Published researcher with strong quantitative rigor and fluency in leveraging AI tools to accelerate analysis and output. Trilingual with international experience. Graduating May 2027.

EDUCATION

Fordham University Aug 2025 – May 2027 (Expected)
Master of Science in Data Science and Quantitative Economics New York, NY
Graduate Research Assistant • Coursework: Financial Econometrics, Statistical Analysis, Time Series, Machine Learning, Applied Microeconomics

Silver Oak University Aug 2020 – May 2024
Bachelor of Technology in Computer Engineering, specialization in AI & Machine Learning Ahmedabad, India
CGPA: 9.87/10 (GPA: 3.95/4.0) • Ranked 3rd of 44 in specialization ([Certificate](#))

PROFESSIONAL EXPERIENCE

Organic Intelligence Group LLC • Technical Product Fellow – LifePath OI Sep 2026 – Present
Minneapolis, MN (Remote)
• Selected for a competitive, deliverable-based fellowship supporting product strategy, technical documentation, and innovation stewardship across the LifePath OI ecosystem and Deterministic Decision Assurance Protocol

RagMetrics • AI Associate – Strategy & Go-to-Market May 2026 – Aug 2026
Miami, FL (Hybrid)
• Partner directly with founding leadership on product strategy and evaluation criteria; conduct market and competitive analysis to identify strategic growth opportunities across financial services, healthcare, and insurance verticals
• Design and execute verticalized go-to-market campaigns; support the capital raise by sourcing investor meetings, and contribute to client-facing deliverables and enterprise scoping conversations

Sahana System Limited • Associate AI Engineer – Techno-Commercial (Consulting & Delivery) June 2024 – June 2025
Ahmedabad, India
• Analyzed 20+ enterprise and government RFPs; independently structured complex business problems, evaluated feasibility, and authored proposals and recommendations that contributed to \$500K+ in contracts
• Performed financial analysis, cost-benefit modeling, and ROI evaluation for proposed transformation initiatives; quantified cost optimization and revenue opportunities to support executive investment decisions
• Led project workstreams end to end across manufacturing, retail, government, and education clients; owned project plans, timelines, and delivery against milestones for solutions serving 1,000+ daily users
• Ran client interviews, requirements workshops, and executive presentations; synthesized findings into concise, structured deliverables for C-level executives, procurement officials, and cross-functional stakeholders
• Drove digitalization and process reengineering that reduced manual effort 40% across client workflows; documented best practices, tools, and methodologies to build internal knowledge management capability

SoftVan Pvt Ltd • Visiting Lecturer – Advanced Analytics & Deep Learning Jan 2025 – May 2025
Ahmedabad, India
• Designed and delivered curriculum for 40+ students; mentored on structured problem solving, quantitative methods, and communicating technical findings to non-technical audiences

SKILLS & CAPABILITIES

- **Strategy & Consulting:** Strategic Planning, Business Case Development, Market Research, Competitive Intelligence, Operating Model Design, Process Reengineering, Change Management, Project Management, Stakeholder Management, Executive Presentations, Workshop Facilitation
- **Financial & Quantitative Analysis:** Financial Modeling, ROI Analysis, Cost-Benefit Analysis, Cost Optimization, Revenue Analysis, Scenario Analysis, Econometrics, Regression, Time Series Forecasting
- **AI Fluency & Advanced Analytics:** Claude, ChatGPT, Copilot, and Cursor for research synthesis, deliverable drafting, and analysis acceleration; LLMs, RAG, Generative AI, Machine Learning, Predictive Modeling
- **Technical & Tools:** Microsoft Excel (Advanced), PowerPoint, Word, SQL, Python, R, Tableau, Power BI, Jira, Confluence, AWS, Azure • **Languages:** English, Hindi, Gujarati

RESEARCH PUBLICATIONS

- **“Reinforcement Learning-Based Data Dissemination for Vehicular Ad Hoc Networks”** • Springer Nature June 2025
- **“Enhancing Image Understanding in Automatic Captioning using Spatially-Aware Transformer Architectures”** • Elsevier – Procedia Computer Science May 2025

LEADERSHIP, COMMUNITY & RECOGNITION

- **Awards:** Outstanding Project Delivery Award • IEEE R10 Outstanding Award 2024 (50+ countries) • AWS DeepRacer Winner, 1st Place Gujarat • Brand Ambassador, Sahana 2024
- **Program & Event Management:** Organized India's first AWS Cloud Club Symposium (352 participants, \$15K+ budget, 95%+ satisfaction); IEEE Chapter Chairperson & Vice-Chair, securing \$12K+ in sponsorships from AWS and Microsoft
- **Google Developer Group NYC:** Community Outreach Manager – organize AI hackathons at Columbia, NYU, and Yale; MC'd DevFest NYC 2025 (350+ attendees; Google, NVIDIA, J.P. Morgan speakers)
- **Thought Leadership:** Author, “Simplifying Series” on Medium; delivered expert talks to 500+ attendees; founded ML Geeks Club (0→120+ members)
